Independent guide

UK Pet Passport is not affiliated with LeShuttle, Eurotunnel, GOV.UK or any veterinary provider. This guide is not a recommendation, quotation or booking service. Prices and terms can change. Confirm the current total and availability directly with the provider before booking.

General information only. Check current pet-travel requirements with GOV.UK, your destination authority, carrier and an Official Veterinarian.

How to use this guide

The lowest headline price is not automatically the lowest total for your trip. The best fit can change according to the number of pets, how soon you travel, when you need to collect, and whether the provider issued your previous AHC.

A repeat or reprint price still means a new Animal Health Certificate for the new trip. Provider conditions determine whether an existing customer qualifies for a discount.

What we compared

Comparison	Why it matters
Standard price	The advertised starting price for a new AHC.
Additional pets	One AHC can cover up to five pets in eligible non-commercial travel, but provider charges differ.
Repeat trip	Some providers discount a new certificate when details are unchanged.
Urgent service	Short notice may increase the fee and remains subject to capacity.
Collection	Opening hours, precise appointments and out-of-hours options vary.
Pet attendance	The provider normally needs to scan the pet's microchip before issue.

Before booking, ask for one written total covering your exact pets, travel date, destination, notice period, consultation and collection time.

Repeat-trip comparison

Eligibility is provider-specific. A changed address, owner, pet, rabies record, language or EU entry country can remove a discount.

Provider	Published eligibility summary	1 pet	2 pets	5 pets
Abbeywell / AHC Online	Previous Abbeywell AHC; details identical; at least 10 days' notice	£65	£95	£185
Easy Pet Travel	Previous EPT AHC; listed owner, pet, address, vaccination and entry details unchanged; at least 7 days	£69	£94	£169
Euro Pets Folkestone	Previous Euro Pets AHC; same details; more than 3 days' notice	£70	£95	£170
Other providers	No repeat discount published	Ask	Ask	Ask

Why repeat pricing deserves attention

The provider that appears cheapest for a first journey may not be cheapest for a later journey. Compare the trip you are booking now, then keep your records accurate so you can establish whether a repeat rate applies next time.

Do not assume a prior certificate can simply be reused. Each journey still needs the travel document required by the rules in force at that time.

Urgent and collection arrangements

Availability is never guaranteed. Contact the provider before making travel plans around an urgent service.
